Customers have access to an inbox, outbox, archive and search function.

Payment plans

Setting up a payment plan

DOR offers several ways to set up a payment plan, but the easiest and most efficient option is via INTIME. It offers the added convenience of scheduling automatic recurring payments, ensuring they are made on time, and eliminating the need for vouchers.

Detailed instructions for [setting up a payment plan using INTIME](#) are available.

Make a payment on your payment plan

Customers can schedule automatic recurring payments, ensuring that they are made on time and eliminating the need for vouchers.

Customers who establish a payment plan with a DOR customer service representative outside of INTIME receive payment plan vouchers to make payments. Voucher Letter IDs are used to make a payment via INTIME without the customer needing an account or to be logged in.

Detailed instructions for [making a payment on a payment plan](#) are available.

Cancel a payment plan

Customers can cancel an existing payment plan by selecting the corresponding checkbox in the "Cancel Plan" column. Customers should read the warning message before canceling their plan.

View all returns and periods

Customers can access their return and payment history from any period.

Where is my refund?

Customers can check the status of their refund without logging in or creating an account. Select "Where's my Refund?" on the INTIME homepage to get started or log in and find the same option under "All Actions."

Select and enter an ID type, the desired tax year, and the expected estimated refund amount. Then select "Search."

The screenshot shows a web interface for checking refund status. At the top left, there is a back arrow and the name "DOE, JANE". Below that is a red circle icon followed by the text "Where's my refund?". The main content area is divided into two columns. The left column is titled "Check the status of your refund" and contains three radio buttons for "SSN" and "ITIN", and a text input field for "ID". Below these are three text input fields for "Tax year" and "Refund amount". Each input field has a "Required" label. The right column is titled "Additional information" and contains a paragraph of text explaining the tool's purpose and a blue box with instructions on how to request a refund status. Additional information

This interactive tool will help you find out the status of your refund. Information is available from 2017 to the current tax year.

Some tax returns may take longer to process due to factors like return errors or incomplete information. Additionally, the Indiana Department of Revenue screens every return in order to protect taxpayer identities and refunds. We apologize for any delay but are processing your return and refund as quickly as possible while ensuring your information is accurate and safe.

To request your refund status:

- Select SSN or ITIN and enter your corresponding ID.
- Enter the tax year you are requesting the refund status for.
- Enter the refund amount from your individual tax return which can be found on either:
 - **line 21** of your IT-40 Individual Income Tax Return Form.
 - **line 21** of your IT-40PNR Part-Year or Full-Year Nonresident Individual Income Tax Return Form.
 - **line 10** of your IT-40RNR Reciprocal Nonresident Individual Income Tax Return Form.

Search

Allow several weeks for your refund to be posted before contacting DOR.

If you believe you should have received your refund after several weeks and requested direct deposit, review your return and INTIME account information to confirm your bank account information was entered correctly or contact your bank to rule out an issue on their end before reaching out to DOR.

Update names and addresses

Customers can select “Manage names & addresses” and use the Names and Addresses tabs to make updates to their tax account(s). Legal name changes are for DOR only; supporting documentation is required.

Power of Attorney for tax practitioners

Detailed instructions are available for [Individual income tax customers](#) and [Tax Practitioners](#).

A customer can grant access to their INTIME account to a tax practitioner by having them request access from their own account. The customer gets an email to log in to INTIME to review and approve the request.

Access is granted on a user-level basis, so if multiple tax preparers within a firm request access, the customer will need to approve the access for each requestor.

If the customer wishes to revoke a tax practitioner’s access to their account, this can be done in the “All Actions” tab by selecting the “Manage POA access” link.

Manage account access

Select “Manage account access” on the “All Actions” tab to find the following options:

Manage account access

Customers can manage their own access in the “Your access” panel to see the type and level of access they have for an account.

Manage additional users

A customer can choose to grant or revoke access to their account, determine the level of access, and create a login for an additional user(s) from the “Account access” and follow the instructions. Select any added user to modify their access.

Manage ePOA access

A customer can allow a tax professional to request access to their accounts. Detailed instructions are available for [Individual income tax customers](#) and [Tax Practitioners](#).

Client revocation of tax practitioner ePOA

Customers can revoke their tax practitioner’s access by going to the “All Actions” tab and then “Manage account access” panel to select the link in the “Manage POA access” panel.

Tax Practitioner revocation of ePOA

Tax practitioners can revoke their own access from the client's INTIME account from their own account in the "Your access" panel.

Tax account registration

Register another tax account in the "All Actions" tab and locate the "Tax account registration" panel.

Submissions

Go to the "All Actions" tab and select "Submissions." Submissions are items that have been entered in INTIME for processing, like a payment or request for a return transcript.

1. Submitted items that have not yet been processed can be found on the "Pending" tab.
2. Completed/processed payments and other items appear on the "Processed" tab listed by date.

Sole proprietor registration

1. From the home page, under "Registration," select "New tax registration."
2. Under "Business tax registration," select "Register a new business tax account."
3. Review the information, select next, and under Customer Type, select Sole Proprietor.
4. Enter the NAICS ([North American Industry Classification System](#)) code specific to the sole proprietor. Enter a key word in the "Search" to help locate a code.
5. Choose the tax type(s) to register. The hyperlink next to each tax type provides information for each of them. Select "Next" and continue to follow the prompts to enter information for each tax type selected.

If registering for retail sales tax, DOR will issue a Registered Retail Merchant Certificate (RRMC), which is valid for two years. The RRMC registration fee is \$25 per sales location registered.

Register an aircraft

1. When registering an aircraft, a number of selections will be offered during the registration process including the owner type, if the aircraft is owned by multiple owners and the mailing address that should be used for the account. Aircraft information, location and usage should be entered on the following screen.
2. Enter aircraft purchase or transfer information. A tax calculation screen will appear next.
3. Any attachments, bill of sale, Form AE-5 or other written evidence to support the purchase price of the aircraft should be uploaded by selecting "Add attachment."
4. A fee summary will include the registration fee, excise, and sales tax due with the option to make a payment and the payment method. Continue to follow the prompts to complete the payment process.

Request a refund for tax purchases

1. Request a refund for tax on purchases from the "All Actions" tab and locate the "Request for tax on purchases" panel to select "Submit refund request."
2. If a customer is exempt from paying sales tax and has the documentation proving sales tax has been paid on exempt purchases, continue to use the submission to request a refund.
Note: If a refund request is based on a prior sales tax filing, the prior return should be amended rather than submitting a request for a refund on purchases.
3. Enter claim information to explain why a refund is due and select the relevant tax type. Details must be entered about each period from which a customer wishes to claim a refund.
4. Attach supporting documentation for the refund request before proceeding. Each document attached will appear in the list.
5. Disclosure
6. Once the request has been submitted, a confirmation message will be displayed.

ST-200 application

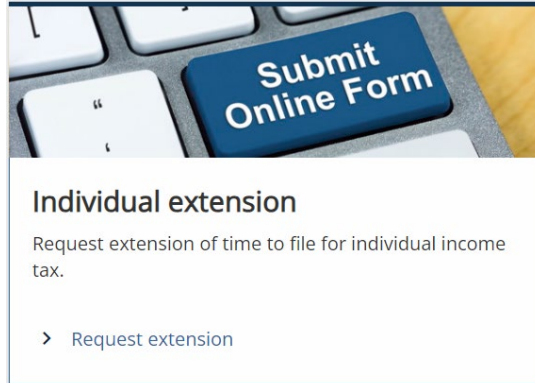

A customer can apply for a sales tax exception on a purchase of metered utilities or telecommunications services, if applicable, by going to the "All Actions" tab and locating the "ST-200 application" panel. Select the "Apply for an exemption" link and read the eligibility information before continuing. Follow the prompts to fill in the required information for mailing information, meter location information, customer information and utility company information.

Extension of time to file

A request for an extension of time to file an Individual income tax return can be done only between January 1 and April 15. The INTIME landing page will display the "Individual extension" panel only during that period. Detailed instructions for [Requesting an Extension of Time to File via INTIME](#) are available.

While extension requests cannot be filed outside of that period of time, ([estimated](#)) payments can still be made.

Filing for an extension does not extend the deadline for paying any tax due. If a customer expects to owe taxes after filing a return, they should pay at least 90% of the expected amount owed by the original return due date. Interest is due on all amounts paid after the original return due date.

Incorrect contact information

If you need to update your INTIME contact information, select the user icon in the top right corner and then edit the contact information available on the screen.

To update legal name and address, go to the "All Actions" tab and the "Updating Name and Addresses" panel.

Payment due date

If the Individual income tax return due date of April 15 falls on a weekend or legal holiday, any payment owed is due on the next business day. Payment can be made via INTIME with or without logging in.

Payment history

1. To view payment history, go to the "All Actions" tab, locate the "Submissions" panel and select the "Search submissions" link. Submissions are items that have been entered in INTIME for processing. This includes returns and payments.
2. Payments or any items that have been submitted but that have not yet been processed can be viewed in the "Pending" tab.
3. Past payments or any items that have been completed or processed will appear in the "Processed" tab and listed by date. The "Search" function can help locate past items by entering a date range.

Making estimated payments

Customers have the option to make a logged-in or non-logged-in payment. To make an estimated payment without logging in to an INTIME account, follow the directions in the "Non-Logged-In" section of this guide under "[Non-Bill Payments](#)."

To make an estimated payment while logged in to an INTIME account, go to the "Summary" tab and locate the "Make a payment" link in the "Account" panel. The option to make an estimated payment will appear in the "Payment type" drop-down.
