## BICENTENNIAL ALUMNI AWARDS

### Candy Chang

Artist, Designer, and Urban Planner

Taiwanese American artist, designer, and urban planner Candy Chang is renowned for her interactive works of art that transform public spaces, spark conversations, and foster community engagement. Ms. Chang, who lives in New Orleans, earned a B.F.A. degree (2001) in graphic design and a B.S. (2001) in architecture from the University of Michigan and a M.S. degree in urban planning from Columbia University. Using chalk and other everyday materials, Ms. Chang melds social activism with creative placemaking and encourages others to use public spaces to voice their opinions. Following the death of a loved one, she created *Before I Die* (2011), a public art project on an abandoned house in New Orleans, and invited others to share their aspirations in that public space. Since then, more than 2,000 *Before I Die* walls have been created in over 70 countries, including Argentina, China, Iraq, Kazakhstan, Russia, and South Africa. She has completed public projects in Hong Kong, Las Vegas, and New York City, and has exhibited in the Venice Biennale, the Cooper-Hewitt, Smithsonian Design Museum, the San Francisco Museum of Modern Art, and the Tate Modern in London, among other galleries and museums. She received the American Academy of Hospice and Palliative

Medicine Humanities Award and the Tony Goldman Visionary Artist Award in 2016, and Impact Design Hub named her one of the top 40 leaders under age 40 in design. She previously was recognized as a TED Senior Fellow and World Economic Forum Young Global Leader.

For her creative reimagining of public spaces and contributions to the social good, the University of Michigan presents to Candy Chang its Bicentennial Alumni Award.

### Christopher Paul Curtis

Author and Newbery Award Winner

Christopher Paul Curtis, critically acclaimed author of the 2000 Newbery Medal winner *Bud, Not Buddy* (1999) and seven other books, is one of our nation's most admired children's authors. Mr. Curtis grew up in Flint, Michigan. After graduating from high school in 1971, he worked at Flint's Fisher Body, putting doors on Buick's biggest models, the Electra 225 and the LeSabre. He attended the University of Michigan-Flint but dropped out to work full time. In 1993, he took a year off to write his first book, *The Watsons Go to Birmingham—1963* (1996), a Newbery Honor Book and Coretta Scott King Honor Book. An early draft won a Jules Hopwood Prize in 1994. Mr. Curtis also won an Avery Hopwood Prize for essays and earned a B.G.S. degree (2000) from UM-Flint. The City of Flint features prominently in many of his books. In addition to being translated into 12 languages and selling more than seven million copies, Mr. Curtis' works have been performed as an off-Broadway musical with a score written by Motown legend Lamont Dozier and as a film directed by Tony Award-winning director Kenny Leon. An adaptation of *Bud, Not Buddy*, a commission with music composed by jazz master Terrence Blanchard, was presented at the John F. Kennedy Center for

the Performing Arts in Washington in January. A popular lecturer, Mr. Curtis encourages his young, enthusiastic fans to read widely and write their own stories. Mr. Curtis lives in Windsor, Ontario, with his wife Habon and their children Ayaan, Ebyaan, and Libaan.

For his engaging, original stories and fresh voice, the University of Michigan presents to Christopher Paul Curtis its Bicentennial Alumni Award.

## Abdul M. El-Sayed

Physician and former Executive Director of the Detroit Health Department

As executive director of the Detroit Health Department, physician, epidemiologist, and environmental justice advocate Abdul El-Sayed was responsible for the health and safety of more than 670,000 Detroiters. In 2016, the Michigan League of Conservation Voters recognized him as Public Official of the Year. He stepped down from his city post in February to pursue statewide public office. Born and raised in the Detroit area, he earned a B.S. degree (2007) with highest distinction in biology and political science and delivered the University of Michigan student commencement address. After completing two years of graduate study at the U-M Medical School, he won a Rhodes Scholarship and went on to receive a doctorate in public health from the University of Oxford and a M.D. degree from the Columbia University College of Physicians and Surgeons. Dr. El-Sayed worked as an assistant professor of epidemiology at Columbia prior to returning to Detroit in 2015, at age 30 the youngest health official of a major American city. During his tenure, he created programs to reduce infant mortality and unplanned pregnancy, track and prevent lead poisoning in Detroit schools, provide free eyeglasses to children in need, and reduce harmful sulfur-dioxide emissions. Dr. El-Sayed is the author of more than 100 scholarly articles, abstracts, and book chapters, and co-editor of the textbook *Systems Science and Population Health* (2017). He previously served on the

State of Michigan Child Lead Poisoning Elimination Board and U.S. Department of Health and Human Services National Health Promotion and Disease Prevention Advisory Committee.

For his leadership and contributions to public health and passion for public service, the University of Michigan presents to Abdul El-Sayed its Bicentennial Alumni Award.

## Carol Jantsch

Principal Tuba, Lyn and George M. Ross Chair

The Philadelphia Orchestra

Carol Jantsch, The Philadelphia Orchestra's principal tuba since 2006 and first female tuba player in a major symphony orchestra, is renowned as an orchestral musician, teacher, and soloist. Ms. Jantsch, born and raised in Ohio, began piano lessons at age six, learned the euphonium at Interlochen Arts Camp at nine, grew into the tuba, and returned to the Interlochen Arts Academy for high school. She studied tuba under Arthur F. Thurnau Professor of Tuba and Euphonium Fritz Kaenzig at the University of Michigan, where she earned a Bachelor of Music degree (2006) with highest honors. She released her first solo recording, *Cascades*, in 2009 and in 2013 premiered *Reflections on the Mississippi for Tuba and Orchestra* by Grammy-winning composer and U-M Professor of Composition Michael Daugherty. She recorded the concerto with the Temple University Symphony Orchestra and the U-M Symphony Band. She gives solo recitals and has appeared as a soloist with various ensembles, including The Philadelphia Orchestra, Albany Symphony, United States Army Band, and United States Marine Band. She has performed solo works in both chamber music venues at Carnegie Hall and has appeared on the National Public Radio series *From the Top* and Interlochen Public Radio's *Live from Studio A*. She has given master classes in Asia, Europe, and North America, and has been a featured artist at brass festivals in Canada, Finland, Germany, and the United

States. Among other honors, she received the School of Music, Theatre & Dance Alumni Society Paul Boylan Award, and a "Best of Philly" award from *Philadelphia* magazine.

For her artistry, full-hearted music, and teaching, the University of Michigan presents to Carol Jantsch its Bicentennial Alumni Award.

## BICENTENNIAL ALUMNI AWARDS

### Cynthia Koenig

CEO & Founder, Wello Water

Social entrepreneur Cynthia Koenig has helped launch multiple successful ventures, from community-run ecotourism businesses in Mexico and Guatemala to a national strategy for sustainable tourism in Bhutan. Living and working in water-scarce environments in Latin America and Africa inspired her to start her own company, Wello, in 2011. Ms. Koenig, who lives in New York City, earned a B.A. degree from Trinity College, Hartford, Connecticut, and two University of Michigan degrees, a M.S. (2007) from the School of Natural Resources and Environment and a M.B.A. (2011) from the Stephen M. Ross School of Business. Committed to consumer-driven design, Wello collaborated with villagers across rural India to design its flagship product, the WaterWheel, a 45-liter rolling water container that enables consumers to transport more water in less time than they could otherwise, allowing time for more productive activities, including attending school or earning income. Since May 2015, Wello has sold more than 15,000 WaterWheels across India, Ethiopia, Haiti, Malawi, Pakistan, and Zambia. In February 2017, Wello licensed distribution of the WaterWheel to Asia's largest plastics company, with the goal of making WaterWheels more widely available. Wello is developing a range of components that will enable the WaterWheel to purify water and charge a mobile phone as it rolls. Ms. Koenig, a member of the Erb Institute for Global Sustainability External

Advisory Board, has received, among other honors, Lean Impact's 2014 Lean for Social Good Award. She was also an Unreasonable Fellow in 2011 and an Indian Institute of Management Water Fellow in 2015.

For her novel, sustainable innovations that are alleviating poverty in the developing world, the University of Michigan presents to Cynthia Koenig its Bicentennial Alumni Award.

### Annie Maxwell

President, Skoll Global Threats Funds

Annie Maxwell, president of the Skoll Global Threats Fund (SGTF) since 2014, helps shape and power innovative solutions to address the critical global threats of our time—climate change, nuclear proliferation, pandemics, and water security. The California resident graduated Phi Beta Kappa with a B.A. degree *magna cum laude* (2000) in English and political science and a M.P.P. (2002) from the University of Michigan, where she was captain of the volleyball team and a four-time letter winner. After interning with the Bill & Melinda Gates Foundation, Ms. Maxwell worked with the humanitarian aid organization Direct Relief from 2002 to 2009, ultimately serving as its chief operating officer. While at Direct Relief, she was assigned from 2005 to 2006 to the United Nations Office of the Special Envoy for Tsunami Recovery. Ms. Maxwell helped implement the American Recovery and Reinvestment Act of 2009 as a White House Fellow in the office of Vice President Joe Biden before being appointed SGTF's chief operating officer in 2010. Ms. Maxwell has chaired the Gerald R. Ford School of Public Policy Alumni Board and, in 2016, became the first Ford School graduate to deliver the Josh Rosenthal Fund Lecture. Ms. Maxwell serves on the board of Muso, a nonprofit dedicated to eliminating preventable deaths in the world's most impoverished communities, and is a member of the German Marshall Fund of

the United States Board of Trustees, a public policy think tank and grant-making institution that works to strengthen the transatlantic partnership.

For her public service and leadership in safeguarding the world's future, the University of Michigan presents to Annie Maxwell its Bicentennial Alumni Award.

## Babak Parviz

Vice President, Amazon.com, Inc.

Electrical engineer and Google Glass creator Babak Parviz is widely recognized for revolutionizing communication technology through advances in optics, self-assembly, and miniaturized electronics. Dr. Parviz, who lives in Seattle, holds a B.S. degree in electrical engineering from Sharif University of Technology in Tehran and a B.A. in literature from the University of Washington (UW). He studied micro-electro-mechanical systems at the University of Michigan, where he earned a M.S.E degree (1997) and Ph.D. (2001) in electrical engineering and a M.S. degree (2001) in physics. He completed a postdoctoral fellowship at Harvard University in chemistry and chemical biology and developed self-assembly techniques to fabricate nano-scale devices and systems as a UW faculty member. He continues to serve as an affiliate professor in UW's Department of Electrical Engineering. In 2010, two years after developing a bionic contact lens prototype, he joined Google, where he initiated and led the Glass project until 2013. He also founded Google's robotics surgery initiative, which became Verb Surgical, an independent company, and co-founded Google's Smart Contact Lens program. Dr. Parviz joined Amazon in 2014, and, in 2015, was elected a SPIE fellow by the International Society for Optics and Photonics. He has received many accolades, including *Time* magazine Best Inventions of the Year honors in 2008 and 2012, the Institute of Electrical and

Electronics Engineers Circuits and Systems Society Industrial Pioneer Award, *Design News* Golden Mousetrap Lifetime Achievement Award, National Science Foundation Career Award, and U-M College of Engineering Alumni Society Merit Award in Electrical and Computer Engineering.

For his pioneering technological innovations that augment human potential, and thus improve peoples' lives, the University of Michigan presents to Babak Parviz its Bicentennial Alumni Award.

## Benj Pasek

Academy Award-winning Songwriter

When the songwriting team of Benj Pasek and Justin Paul, known professionally as Pasek and Paul, accepted the Academy Award for Best Original Song for the *La La Land* hit "City of Stars," Mr. Pasek dedicated it to all the kids who sing in the rain and to all the moms who let them. Mr. Pasek, who grew up in Ardmore, Pennsylvania, and toured with the Philadelphia Boys Choir & Chorale, was one of those kids. Mr. Pasek, who now lives in New York City, earned a B.F.A. degree (2006) with honors in musical theater from the University of Michigan. As undergraduates, Mr. Pasek and Mr. Paul created *Edges*, a series of 13 songs about the experiences and challenges of finding one's life path, which premiered in Ann Arbor in 2005. Theater majors around the world have performed this popular musical. Pasek and Paul's next success, *Dogfight* (2012), won the Lucille Lortel Award for Best New Musical. Their other stage works include *A Christmas Story*, *The Musical* (2012), which was nominated for a Tony Award, *James and the Giant Peach* (2013), and the music and lyrics for Broadway's *Dear Evan Hansen* (2016), which won Drama Desk, Obie, and Outer Critics Circle awards. Pasek and Paul also wrote "Get Back Up Again" for the animated film *Trolls* (2016). The team is currently working on the movie musicals *The Greatest Showman* and *Snow White*. Mr. Pasek is a member of the Dramatists Guild of America, Inc.

For his artistic contributions as a member of Pasek and Paul and the team's thrilling, emotive musical compositions, the University of Michigan presents to Benj Pasek its Bicentennial Alumni Award.

## BICENTENNIAL ALUMNI AWARDS

### Justin Paul

Academy Award-winning Songwriter

Songwriters Justin Paul and Benj Pasek, who have been compared to the great musical theater writing team of Rodgers and Hammerstein, have garnered numerous accolades, including an Oscar and a Golden Globe for Best Original Song for the *La La Land* hit “City of Stars.” Mr. Paul, who is from Westport, Connecticut, earned a B.F.A. degree (2006) with high honors in musical theater from the University of Michigan. He and Mr. Pasek returned to Ann Arbor in spring 2007 to participate in commencement. Mr. Paul’s musical path began with singing gospel music at his church. He also trained with the Music Theatre of Connecticut. Mr. Pasek and Mr. Paul, who met at Michigan, started spending time in School of Music, Theatre & Dance practice rooms playing music for fun. Soon they were collaborating, writing new material for film, stage, and television. Their works include *Dogfight* (2012), which won the Lucille Lortel Award for Best New Musical, *A Christmas Story, The Musical* (2012), which was nominated for a Tony Award, and *James and the Giant Peach* (2013). They also wrote the music for the Broadway hit *Dear Evan Hansen* (2016), which garnered Drama Desk, Obie, and Outer Critics Circle Awards. Pasek and Paul’s television credits include “Smash,” “Sesame Street,” and “Johnny and the Sprites.” The duo currently is working on two live action musicals, *The Greatest Showman* starring Hugh Jackman, and a retelling of *Snow White*. Mr. Paul is a

member of the Dramatists Guild of America, Inc.

For his artistic contributions as a member of Pasek and Paul and the team’s thrilling, emotive musical compositions, the University of Michigan presents to Justin Paul its Bicentennial Alumni Award.

### Damon A. Williams

Senior Vice President of Program, Training, and Youth Development Services

Boys & Girls Clubs of America

Author, educator, and scholar Damon A. Williams is a nationally recognized expert in diversity, leadership, and organizational change. As senior vice president of the Boys & Girls Clubs of America (BGCA), he helps develop programs to enhance academic success, good character and citizenship, leadership skills, and healthy lifestyles among the four million young people who participate in the BGCA’s 4,000 affiliated clubs. Dr. Williams, an alumnus of the BGCA of Dayton, Ohio, earned B.A. and M.Ed. degrees from Miami University and a Ph.D. (2002) in education from the University of Michigan. Prior to joining the Atlanta-based BGCA, he held faculty and administrative positions at the University of Connecticut and the University of Wisconsin, Madison, where he founded the Division of Diversity, Equity, and Educational Achievement and was vice provost and chief diversity officer. Dr. Williams authored *Strategic Diversity Leadership: Activating Change and Transformation In Higher Education* (2013) and co-authored *The Chief Diversity Officer: Strategy, Structure, and Change Management* (2013). He serves on *The Journal of Negro Education* editorial board and lectures frequently at events and symposia sponsored by the Association of American Colleges & Universities, the American Council of Education (ACE), and other professional organizations. He is a member of the University of California, Berkeley Equity and Inclusion Advisory Board, the

ACE Commission on Inclusion, and the National Diversity Council Executive Board. Among other honors, he received the National Association of Diversity Officers in Higher Education Inclusive Excellence Award for Leadership and a Committee on Institutional Cooperation research commendation for his scholarly contributions.

For his commitment to youth and to building diverse, robust organizations, the University of Michigan presents to Damon Williams its Bicentennial Alumni Award.

## STUDENT SPEAKERS

### **Leyla Q. Berry**

Candidate for Master of Science in Nursing, Family Nurse Practitioner, School of Nursing

Leyla Berry of Dearborn, Michigan, has worked as a critical care nurse for seven years. She graduates with highest distinction and is a member of Sigma Theta Tau International Honor Society of Nursing, among other professional organizations. Leyla, the mother of five children, serves on her school district's health advisory board and works with an international foundation to improve nursing education in developing countries. On campus, she has promoted diversity and inclusiveness as a panelist at programs to increase cultural awareness and understanding in healthcare. Her professional goals include working as a family nurse practitioner, earning a Ph.D., and teaching at U-M.

### **Hannah "Nan" Boyle**

Senior, College of Literature, Science, and the Arts

Nan Boyle of Bexley, Ohio, pursued an interdisciplinary course at Michigan. In addition to majoring in LSA's Program in International and Comparative Studies, she earned a School of Social Work Community Action and Social Change minor. The James B. Angell Scholar and Phi Beta Kappa Society member studied in Mufindi, Tanzania, where she conducted independent research and honed her Swahili. As an intern with Graduate Women International in Geneva, Switzerland, she promoted secondary and tertiary education for women globally. She also worked for the Alumni Association and this fall will teach English in Malawi as a Peace Corps volunteer.

### **Da'Quan Craven**

Master's Candidate, Medical School and Horace H. Rackham School of Graduate Studies

Da'Quan Craven of Flint, Michigan, will receive a M.S. degree in pharmacology. As a graduate student, he researched redox signaling regulation in human blood platelets. He earned a B.S. degree from Georgia State University, where he led human anatomy and physiology labs. Passionate about teaching, he worked with Females Excelling More in Math, Engineering, and the Sciences, which encourages fourth through eighth grade girls to engage in science, technology, engineering, and math. This fall Da'Quan will begin a second master's program, in medical physiology, at Case Western Reserve University. His goal is to become a cardiologist and conduct cardiovascular research.

### **Hannah Gugel**

Senior, College of Engineering

Chemical engineering major Hannah Gugel of Terre Haute, Indiana, has worked as a summer intern for the TransCanada Corporation at pipeline construction sites in Illinois, Indiana, Michigan, and Tennessee. She also works on newer biogas technologies as a member of the student-led BLUELab Biogas International Project Team, which seeks to improve the lives of Mexico City area farmers through socially responsible and sustainable energy use. Most recently, she worked on separating carbon dioxide from fuel streams created by biodigesters. Hannah, a member of the Quechan Tribe of southern Arizona, also has studied Native American literature through LSA's Native American Studies Program.

### **Ahmad Hider**

Senior, College of Literature, Science, and the Arts

Ahmad Hider of Dearborn, Michigan, a first-generation college student and biomolecular science major, is a James B. Angell Scholar and Phi Beta Kappa Society member. In 2016, The Michigan Daily recognized him as a Student of the Year. He co-authored a Nature Cell Biology article, participated in the Ross Leaders Academy, and taught chemistry as an undergraduate student instructor and in the Science Learning Center. Ahmad looks forward to participating in the Harvard T.H. Chan School of Public Health Summer Session for Public Health Studies and working as a City Year Detroit mentor this fall. He plans to become a physician.

## HONORING OUR PAST

### Director's Note

#### As We Go Forward...

We all stand on the shoulders of those who came before us. In my research for this event I was constantly struck by the immediacy and relevance of the speeches of the past to our work and lives today both on and off the campus. As the world moved through periods of prosperity and times of great challenge, speakers at the University of Michigan had their fingers on the pulse of the student body and the nation. In putting this montage together, with words from the past and voices from our University colleagues, I hope we can all recognize and celebrate the impressive lineage of which we are a part.

## THE BICENTENNIAL

The University of Michigan bicentennial is about the people of Michigan: 200 years of committed individuals striving and building a remarkable University. They have done so sometimes in unison, sometimes in discord, but always seeking, in the words of President Henry P. Tappan, “to carry this young University through to perfection.” The bicentennial celebrates 200 years of dedication to education, service, and advancement of knowledge for freedom and the good of society. Most significantly, this anniversary year signals the beginning of the University’s third century, with all of the opportunities and challenges that it brings.

## **A SEND-OFF**

How do you define the Michigan experience? In this video, made by students, for students, graduating seniors tell us what the University means to them. With a nod to the past and a message for the future, we celebrate the Class of 2017 and our time here.

## **Institutions of Higher Education**

The academic procession, which dates from the 12th century, marks the opening of a commencement ceremony. On special occasions, universities may invite faculty from other institutions to attend their events. The University of Michigan is pleased to welcome representatives from other distinguished universities as we honor today's graduates and celebrate our bicentennial.

## **Bicentennial Advisory Committee**

## **Bicentennial Student Advisory Group**

## **Commencement Student Advisory Group**

## **Faculty of the University**

The University of Michigan is proud of the breadth and depth of the intellectual activity of our faculty. The procession, with faculty members dressed in academic regalia, is a striking visual representation of this wide range of inquiry. The color of the hood represents the wearer's field of study and the style of gown indicates the degree received.

## **THE UNIVERSITY MACE**

The University's mace, a symbol of authority, is carried at the head of academic processions on such important ceremonial occasions as commencements, convocations, and inaugurations. The mace being used today was given to the University in 1968 by the Senior Board, representing all the undergraduate schools and colleges. Crafted of red oak and trimmed with silver, the mace features the seals of the University and of the State of Michigan. Also engraved on the mace are the names of the University Presidents.

## ACADEMIC COLORS

The colors of the various disciplines are as follows:

Architecture and Urban Planning	<i>blue violet</i>
Business Administration	<i>drab</i>
Dentistry	<i>lilac</i>
Education	<i>light blue</i>
Engineering	<i>orange</i>
Fine Arts	<i>brown</i>
Information	<i>lemon</i>
Kinesiology	<i>sage green</i>
Law	<i>purple</i>
Literature and Arts	<i>white</i>
Medicine	<i>green</i>
Music	<i>pink</i>
Natural Resources and Environment	<i>russet</i>
Nursing	<i>apricot</i>
Pharmacy	<i>olive green</i>
Philosophy	<i>dark blue</i>
Public Health	<i>salmon pink</i>
Public Policy	<i>peacock blue</i>
Science	<i>golden yellow</i>
Social Work	<i>citron</i>

Mingled colors distinguish combined curriculums.

## **ACADEMIC DRESS AND CUSTOM**

The colorful gowns and hoods worn by faculty members at commencement and other academic ceremonies represent the degrees, disciplines, and alma maters of the wearers. The American academic costume tradition, imported from England, dates to Colonial days.

### **Gowns**

Bachelor's or master's degree gowns traditionally are black, as are many doctoral gowns in the United States. Some universities prescribe that their graduates wear gowns of another solid color such as blue, crimson, or green. Gowns differ in sleeve cut and trim. For example, the bachelor's gown has long, pointed sleeves while the master's gown has oblong sleeves. Doctoral gowns, with their distinctive bell-shaped sleeves, feature velvet panels down the front and around the neck, as well as crossbars of velvet on the sleeves. Colored trim denotes the field or discipline in which the degree was earned. Usually only a single degree from one institution is indicated by a garment. If more than one degree is held, the gown and hood of the higher or highest degree usually are worn.

### **Hoods**

The hood most precisely describes the wearer's level of degree earned, the major field of learning, and the alma mater. The level of the degree held is indicated by the hood's shape and size and the width of its velvet or velveteen trimming. The bachelor's, master's, and doctor's hoods are 36 inches, 42 inches, and 48 inches long, respectively. The velvet trim is two, three, and five inches wide, with the narrowest being for the bachelor's hood and the widest for the doctor's hood. The color of trim on the hood, as on the gown, identifies the major field of learning in which the degree was awarded. The hood is lined with the official colors of the college or university conferring the degree.

### **Caps**

Caps vary in style from the traditional black mortarboard to eight-, six-, and four-corner tams, and Elizabethan-style caps. The mortarboard may be of any appropriate material, such as cotton, poplin, rayon, or silk, to match the gown. Velvet is reserved for holders of doctorates.

## **SCHOOLS AND COLLEGES OF THE UNIVERSITY**

The order of presentation is by the year of founding.

### **College of Literature, Science, and the Arts**

The College of Literature, Science, and the Arts, founded in 1841, was the first duly constituted college of the University of Michigan. Today, with more than 15,000 undergraduate and 2,000 graduate students, LSA is the largest of the University's schools and colleges, and it is still the heart of the campus. Distinguished in the humanities since its earliest years, the college became preeminent in the natural sciences during the early 20th century and went on to become a world leader in social science research. The college has always been dedicated to providing a richly diverse liberal arts education that prepares students to lead fulfilling lives as responsible citizens within a wide range of professional careers.

### **Medical School**

Since opening its doors in 1850, the Medical School has been a leader in medical education, patient care, and biomedical research. In addition to its professional doctor of medicine program, the Medical School offers master's and doctoral degrees in the basic medical sciences. The school established the nation's first university-owned and -operated teaching hospital and created the first departments of pharmacology and human genetics in the United States. It also played an important role in the development of the electrocardiogram and in the development of iodized salt as a goiter preventive. The Medical School was among the first major American medical schools to graduate women and African Americans; today there are more practicing M.D.s from the University of Michigan than from any other medical school in the United States.

### **Law School**

Founded in 1859, the Law School awarded its first bachelor of laws degrees in 1860. In 1870, the school became the second in the nation to confer a law degree on an African American candidate and the first major law school to admit a woman. In 1871, one of the school's graduates became the first woman with a law degree to be admitted to the bar. A national law school from its earliest years, the school's graduates work in every state of the union and in more than 73 countries, in business, as practitioners and professors, as legislators and members of Congress, and as distinguished civil servants and members of the judiciary.

### **School of Dentistry**

Established in 1875, the School of Dentistry first granted the professional degree, doctor of dental surgery, the following year. A national leader in the training of professional dentists and long active in oral and craniofacial research, the school offers the doctor of dental surgery, master's degrees, and graduate clinical programs in several dental specialties and general dentistry. A doctoral degree is offered in oral health sciences and in an interdepartmental program in biomaterials. The School of Dentistry also offers baccalaureate and master's programs in dental hygiene.

### **College of Pharmacy**

Established as a department in 1868, Pharmacy became a college in 1876, the first in any university in the United States. Today, the college has an average annual enrollment of 260 doctor of pharmacy and 70 graduate students, and is consistently ranked among the top pharmacy schools in the nation. The college offers the doctor of pharmacy degree; baccalaureate programs in medicinal chemistry and pharmaceutical sciences; and doctor of philosophy programs in medicinal chemistry, pharmaceutical sciences, and social and administrative sciences. Major areas of research include the biological, chemical, clinical, genomic, economic, and social aspects of drugs and therapeutic agents.

## **College of Engineering**

Instruction began with a class in civil engineering in 1854. Historically, the College of Engineering has been a leader in establishing departments in emerging fields, including metallurgical engineering, naval architecture and marine engineering, electrical engineering, chemical engineering, aeronautical engineering, nuclear engineering, and computer engineering. Today, the college and its 60,000 alumni provide leadership in various technologies, healthcare, business, and the sciences, improving the quality of people's lives around the world.

## **Horace H. Rackham School of Graduate Studies**

The Horace H. Rackham School of Graduate Studies oversees and coordinates graduate education, bringing together graduate students and faculty from across the institution to experience and take full advantage of the University as a scholarly community. The University awarded its first master of arts degree in 1849, first master of science degree in 1859, and first doctor of philosophy degree in 1876. Organized as a department in 1892, the School of Graduate Studies became an autonomous unit in 1913. In 1935, a generous gift from Horace H. and Mary A. Rackham included the site and construction of the Rackham Building for graduate studies and a substantial endowment for carrying on graduate work and research.

## **A. Alfred Taubman College of Architecture and Urban Planning**

Michigan offered its first courses in architecture in 1876. The program became a department in 1913, and by 1931, the College of Architecture was established as a separate entity. During the 1940s, the college was one of the few schools in the country to consider research a necessary part of architectural education, and in 1946 it became the first to introduce a graduate program in urban planning. The college offers master of architecture, master of urban planning, and master of urban design degrees; bachelor of science and master of science degrees in architecture; and doctoral programs in architecture and in urban and regional planning. In 1999, the college was named in honor of A. Alfred Taubman, founder and chairman of The Taubman Company, Inc., and a longtime friend, supporter, and adviser to the college.

## **School of Education**

The School of Education was founded in 1921, 42 years after the University established the first chair in any United States collegiate institution devoted to the "science and art of teaching." The school prepares students for professional careers in teaching and administration, and offers advanced training for researchers and practitioners at all levels of education. Teacher diplomas were first offered in 1874; the first master's degree in education was conferred in 1891, the first Ph.D. in 1902, and the first Ed.D. in 1938.

## **Stephen M. Ross School of Business**

Building on faculty and course offerings that began in the latter part of the 19th century, the school was formally established in 1924. Today, at all levels of instruction—bachelor's, master's, doctoral, and executive education—its programs rank in the top five among American institutions. Each year nearly 1,000 new School of Business graduates enter careers as business professionals and teacher-scholars, joining the approximately 37,000 who already serve in leadership positions in business, government, and academic institutions throughout the world.

## **School of Natural Resources and Environment**

The School of Natural Resources and Environment's overarching objective is to contribute to the protection of the Earth's resources and the achievement of a sustainable society. Through research, teaching, and outreach, faculty, staff, and students are devoted to generating new knowledge and developing policies, techniques, and skills to help practitioners manage and conserve natural resources to meet the full range of human needs on a sustainable basis. The school jointly administers the undergraduate Program in the Environment, and it offers master's and doctoral programs in ecological, social, and design sciences.

## **School of Music, Theatre & Dance**

Consistently ranked among the top performing arts schools in the nation, and one of the oldest, the School of Music, Theatre & Dance is committed to creating an environment of educational and artistic excellence, nurturing creativity, academic integrity, and professionalism in its students and faculty. With degrees offered at the bachelor's, master's, and doctoral levels, the School is deeply engaged in the creation, practice, scholarship, and pedagogy of music, theatre, and dance. It fosters a spirit of social responsibility and principled entrepreneurship, and serves the community and State of Michigan through public performances, cultural resources, arts education, and outreach programs.

## **School of Nursing**

The University of Michigan School of Nursing (UMSN) is an international leader in the advancement of nursing knowledge and strategies to improve health care. In addition to the four-year BSN program and the second career in nursing program, UMSN has a robust offering of graduate programs. Students are prepared to be leaders in advanced clinical practice through our M.S.N. and post-baccalaureate Doctorate of Nursing Practice (DNP) programs. Students can also lead and effect change through the M.S.N. or post-masters DNP programs in systems, populations and leadership. UMSN's prestigious Ph.D. and postdoctoral programs prepare nurse scientists to develop the knowledge necessary to support and advance nursing practice.

## **School of Public Health**

The history of the School of Public Health dates back to 1881, when the first course in sanitary science was taught in the College of Literature, Science, and the Arts. Established in 1941, the school has awarded master of public health, master of science, master of health services administration, and doctor of public health degrees to more than 13,000 students. Doctor of philosophy programs were established in 1947 and now include concentrations in biostatistics, environmental health sciences, epidemiology, health behavior and health education, and health management and policy. Key areas of research include vaccine development, air and water quality, reproductive and women's health, and health care costs, quality, and access.

## **School of Social Work**

The program in social work began in 1921, and was granted the status of a school in 1951. Faculty maintain high research productivity while teaching an innovative curriculum. At the master's level, the school prepares professional practitioners for work with individuals, children and their families, the aged, organizations, and communities. Students may focus their studies in the fields of substance abuse, mental health, education, child welfare, program evaluation, and public policy. The joint doctoral program in social work and social science is one of a kind and prepares students for academic and research careers. Graduates of both programs are found in leadership positions around the world. The School of Social Work consistently ranks as one of the best in the nation.

## **School of Information**

A formal program began in 1926, when the Department of Library Science was created in the College of Literature, Science, and the Arts. In 1948, offerings became entirely graduate and a doctoral program was inaugurated. Establishment of an independent school, committed to the interdisciplinary study of information and library principles, came in 1969. In response to the rapid change brought on by present technology, the school broadened significantly further in the 1990s. It now pursues a highly interdisciplinary approach to educate professionals who will serve as leaders in the information age. Recognizing this broader mission, the school was renamed the School of Information in 1996.

**Penny W. Stamps  
School of Art & Design**

The Penny W. Stamps School of Art & Design traces its history at the University to visual arts education in the late 19th century, awarding its first degree in 1960, and becoming a University of Michigan school in 1974. In 2002, the school launched a unique curriculum that prompted the National Association of Schools of Art and Design to report, “The School of Art & Design and the University of Michigan have created an opportunity to lead the academic conversation in art and design in this country.” The school prepares graduates for a broad range of creative professions through its undergraduate and graduate programs. Commitment to the integration of art and design, community engagement, international experience, connections to the academic resources of the University, interdisciplinary pursuit, and public presentation of creative work are required of all majors.

**School of Kinesiology**

Kinesiology has been part of the University of Michigan curriculum since the turn of the 20th century and joined the ranks for the schools and colleges as an independent unit in 1984. Concentrations have the common thread of human movement and span a wide range including movement science, physical education, sport management, and athletic training. Kinesiology prepares undergraduates for careers as diverse as medicine and physical therapy to athletic administration, marketing, and law. Master’s and doctoral students expand their opportunities in higher education, research, health care, public health or medicine, business, and law.

**Gerald R. Ford School  
of Public Policy**

The School of Public Policy prepares graduates for distinguished careers in policy analysis and management, and promotes improved public policy through research. Its curriculum combines rigorous grounding in contemporary social science, opportunities to develop expertise in a variety of policy domains, and practical experience. Graduates work in government and the private and nonprofit sectors, using their knowledge, judgment, and new ideas to solve social problems, both domestic and international. The school traces its history to the Institute of Public Administration, established in 1914 as one of the first programs in municipal administration in the United States. In 1999, the regents approved the naming of the school in honor of Gerald R. Ford, the 38th President of the United States and a 1935 graduate of the University.

## **CANDIDATES FOR DEGREES AND CERTIFICATES**

The following is a list of the candidates for degrees to be granted upon completion of formal requirements. A candidate is listed alphabetically by degree, and in some cases also by field of specialization, under the school or college that awards the degree. In this program, candidates are presented in the order of which their respective schools or colleges were founded.

The Executive Board of the Horace H. Rackham School of Graduate Studies awards doctoral, master's, and some graduate professional degrees (e.g., master of public policy, master of urban planning), although most graduate professional degrees, such as doctor of medicine, master of social work, etc., are awarded by the respective schools or colleges. The Graduate School does not offer course work, and advanced studies are conducted within the school or college of a candidate's area of specialization.

This program presents as complete and accurate a record of candidates for degrees as is possible as of the publication date.

## Doctor of Musical Arts

**Donia Jarrar**, Field of Specialization: Music  
Composition. Dissertation: Seamstress: A Multimedia  
Documentary Song-Cycle Based on the Collected Oral  
Histories of Palestinian Women.

**Joshua J. Roach**, Field of Specialization: Music  
Conducting.

**Trevor Chartrand**, Field of Specialization: Music  
Performance.

**Yi-Ching Chen**, Field of Specialization: Music  
Performance.

**Jonathan Harris**, Field of Specialization: Music  
Performance.

**Blair Salter**, Field of Specialization: Music Performance.

## Doctor of Philosophy

**Neranga Ishan Abeyasinghe**, Field of Specialization:  
Chemistry. Dissertation: Quantum Confined Noble  
Metal Monolayer Protected Clusters Investigated  
Using Linear and Nonlinear Microscopy.

**Sandunmalee Nilmini Abeyratne**, Field of  
Specialization: Computer Science and Engineering.  
Dissertation: Studies in Exascale Computer  
Architecture: Interconnect, Resiliency, and  
Checkpointing.

**Neha Agarwal**, Field of Specialization: Computer  
Science and Engineering. Dissertation: Paving the Path  
for Heterogeneous Memory Adoption in Production  
Systems.

**Pedro Antonio Aguilera-Mellado**, Field of  
Specialization: Romance Languages and Literatures  
Spanish. Dissertation: Archisms in Liberal and  
Neoliberal Spain: On Death, Dictatorship, and  
Democracy.

**Ramses Alcaide**, Field of Specialization: Neuroscience.  
Dissertation: Evaluating a Novel Brain-Computer  
Interface and EEG Biomarkers for Cognitive  
Assessment in Children with Cerebral Palsy.

**Margaret Brewster Allison**, Field of Specialization:  
Molecular and Integrative Physiology. Dissertation:  
Translational Profiling Reveals the Transcriptome of  
Leptin Receptor Neurons and Genes It's Regulation By  
Leptin.

**Jessica Nicole Ames**, Field of Specialization: Applied  
Physics. Dissertation: Unsnarling Excitation, Relaxation  
and Scattering Dynamics in Multi-Chiral Distributions  
of Carbon Nanotubes.

**Evan Michael Anderson**, Field of Specialization:  
Materials Science and Engineering. Dissertation:  
Surface Phase Stability and Surfactant Behavior on  
InAsSb.

**Maria Mercedes Arredondo**, Field of Specialization:  
Psychology. Dissertation: A Bilingual Advantage? The  
Functional Organization of Linguistic Competition  
and Attentional Networks in the Bilingual Developing  
Brain.

**Jaehan Bae**, Field of Specialization: Astronomy and  
Astrophysics. Dissertation: Studies of Young, Star-  
forming Circumstellar Disks.

**Denise Elaine Bailey**, Field of Specialization: Sociology.  
Dissertation: Teaching Preschool is Hard: Embodiment,  
Ideology, Fallibility and Futurity.

**Maya Bam**, Field of Specialization: Industrial and  
Operations Engineering. Dissertation: Optimizing  
Resource Allocation in Surgery Delivery Systems.

**Mahmood Barangi**, Field of Specialization: Electrical  
Engineering. Dissertation: Straintronics: A Leap  
towards Ultimate Energy Efficiency of Magnetic  
Memory and Logic.

**Christine Lee Barnett**, Field of Specialization: Industrial  
and Operations Engineering. Dissertation: Stochastic  
Models for Improving Screening and Surveillance  
Decisions for Prostate Cancer Care.

**Christopher Neil Barot**, Field of Specialization: Physics.  
Dissertation: The Motion and Control of a Chaplygin  
Sleigh with Internal Shape in an Ideal Fluid.

**Jessica Beauchamp**, Field of Specialization: Microbiology  
and Immunology. Dissertation: Localization of the  
Natural Transformation Machinery and Mechanisms of  
DNA Selection in *Campylobacter jejuni*.

**Jonathan Caird Bennion**, Field of Specialization:  
Chemistry. Dissertation: Multicomponent  
Crystallization of Energetic Materials.

**Aaron Matthew Beville**, Field of Specialization: Nuclear  
Engineering and Radiological Sciences. Dissertation:  
Uncertainty Quantification in Emission Quantitative  
Imaging.

**Monica P. Bhatt**, Field of Specialization: Educational  
Studies. Dissertation: Evaluating the Impact of  
Statewide Supports to Reduce Within-School  
Achievement Gaps: A Mixed Methods Study of Focus  
Schools in Michigan.

**James Bodiford**, Field of Specialization: Music  
Musicology. Dissertation: Sharing Sounds: Musical  
Innovation, Collaboration, and Ideological Expression  
in the Chilean Netlabel Movement.

**Erin Danielle Bogan**, Field of Specialization: Education  
and Psychology. Dissertation: Beyond Supportive  
Parenting: The Mediating and Moderating Role of  
Preschoolers' Self-Regulatory Competencies in the  
Relation Between Supportive Parenting and Academic  
Readiness Outcomes Among Families Participating in  
Head Start.

**Austin Harold Boles**, Field of Specialization: Earth  
and Environmental Sciences. Dissertation: Clay  
Neomineralization and the Timing, Thermal  
Conditions and Geofluid History of Upper Crustal  
Deformation Zones.

- Steven Taylor Brown**, Field of Specialization: Nuclear Engineering and Radiological Sciences. Dissertation: Time-Encoded Thermal Neutron Imaging using Large-Volume Pixelated CdZnTe Detectors.
- Charles Denis Bussy-Virat**, Field of Specialization: Atmospheric, Oceanic and Space Sciences. Dissertation: Spacecraft Collision Avoidance.
- Nicole Marie Camasso**, Field of Specialization: Chemistry. Dissertation: Design, Synthesis, and Reactivity of High-Valent Nickel and Palladium Complexes.
- Kayla Marie Capper**, Field of Specialization: Cancer Biology. Dissertation: Targeting DNA Repair Mechanisms in MYC-Driven Cancer.
- Jeremy Marc Francois Castaing**, Field of Specialization: Industrial and Operations Engineering. Dissertation: Scheduling Under Uncertainty: Applications to Aviation, Healthcare and Aerospace.
- Joanne Ting-Chu Chang**, Field of Specialization: Epidemiological Science. Dissertation: Characterizing the Temporal Aspects of Tobacco Use and Its Related Diseases.
- Wesley Aaron Chapkin**, Field of Specialization: Materials Science and Engineering. Dissertation: Electrostatically Induced Carbon Nanotube Alignment for Polymer Composite Applications.
- Lei Chen**, Field of Specialization: Mechanical Engineering. Dissertation: Cylindrical Machining Workpiece Temperature and Bore Cylindricity.
- Yajing Chen**, Field of Specialization: Computer Science and Engineering. Dissertation: Designing Flexible, Energy Efficient and Secure Wireless Solutions for the Internet of Things.
- Yang Chen**, Field of Specialization: Naval Architecture and Marine Engineering. Dissertation: A Velocity Decomposition Approach for Three-Dimensional Unsteady Viscous Flow at High Reynolds Number.
- Long Chen**, Field of Specialization: Applied Physics. Dissertation: Nanoengineered Functional Structures for Photonic and Microfluidic Applications.
- Xiaomei Chen**, Field of Specialization: Pharmaceutical Sciences. Dissertation: Influence of PEPT2 on the Regional Distribution Kinetics of Cefadroxil in Brain Using Intracerebral Microdialysis in Rats, Wildtype and PEPT2 Knockout Mice.
- Albert Tzong-Yang Chen**, Field of Specialization: Cellular and Molecular Biology. Dissertation: Critical Genes Regulated by FoxO Transcription Factors in Life Span Control.
- Sarah Thirou Chergn**, Field of Specialization: Epidemiological Science. Dissertation: Applied Computational Modeling Approaches in Cigarette Smoking Epidemiology: Expanding Statistical Associations to Convey Theoretical Pathways.
- Alana Michelle Chin**, Field of Specialization: Cell and Developmental Biology. Dissertation: Elucidating a novel WNT/ $\beta$ -CATENIN Signaling-Independent Environment that Precedes Villus Morphogenesis in the Embryonic Intestine.

Michael C. Correia

Dear Graduate:

On behalf of the Alumni Association of the University of Michigan, congratulations on your momentous achievement.

You may be leaving the University of Michigan, but the ties that bind alumni—across the miles and the years—are strong and enduring. Whether you are on the other side of the country or the other side of the world, you are part of something greater than yourself. You are now part of a community of more than 575,000+ Michigan alumni in 180 countries across the globe.

The Alumni Association is your connection to U-M. As a graduation gift, we give you a **complimentary one-year membership** to help you maintain the bonds you've created over the course of your time on campus. Use it to remind yourself of the place that you hail from, the place that has shaped you into the person you are today. Visit [umalumni.com](http://umalumni.com) to keep the spirit of U-M close and connect to the powerful global network of U-M alumni.

So as you toss your mortarboard to the sky and venture out into the world, celebrate all that you have achieved, and remember that, with us, you are never far from the University of Michigan.

Again, our congratulations and very best wishes for your future.

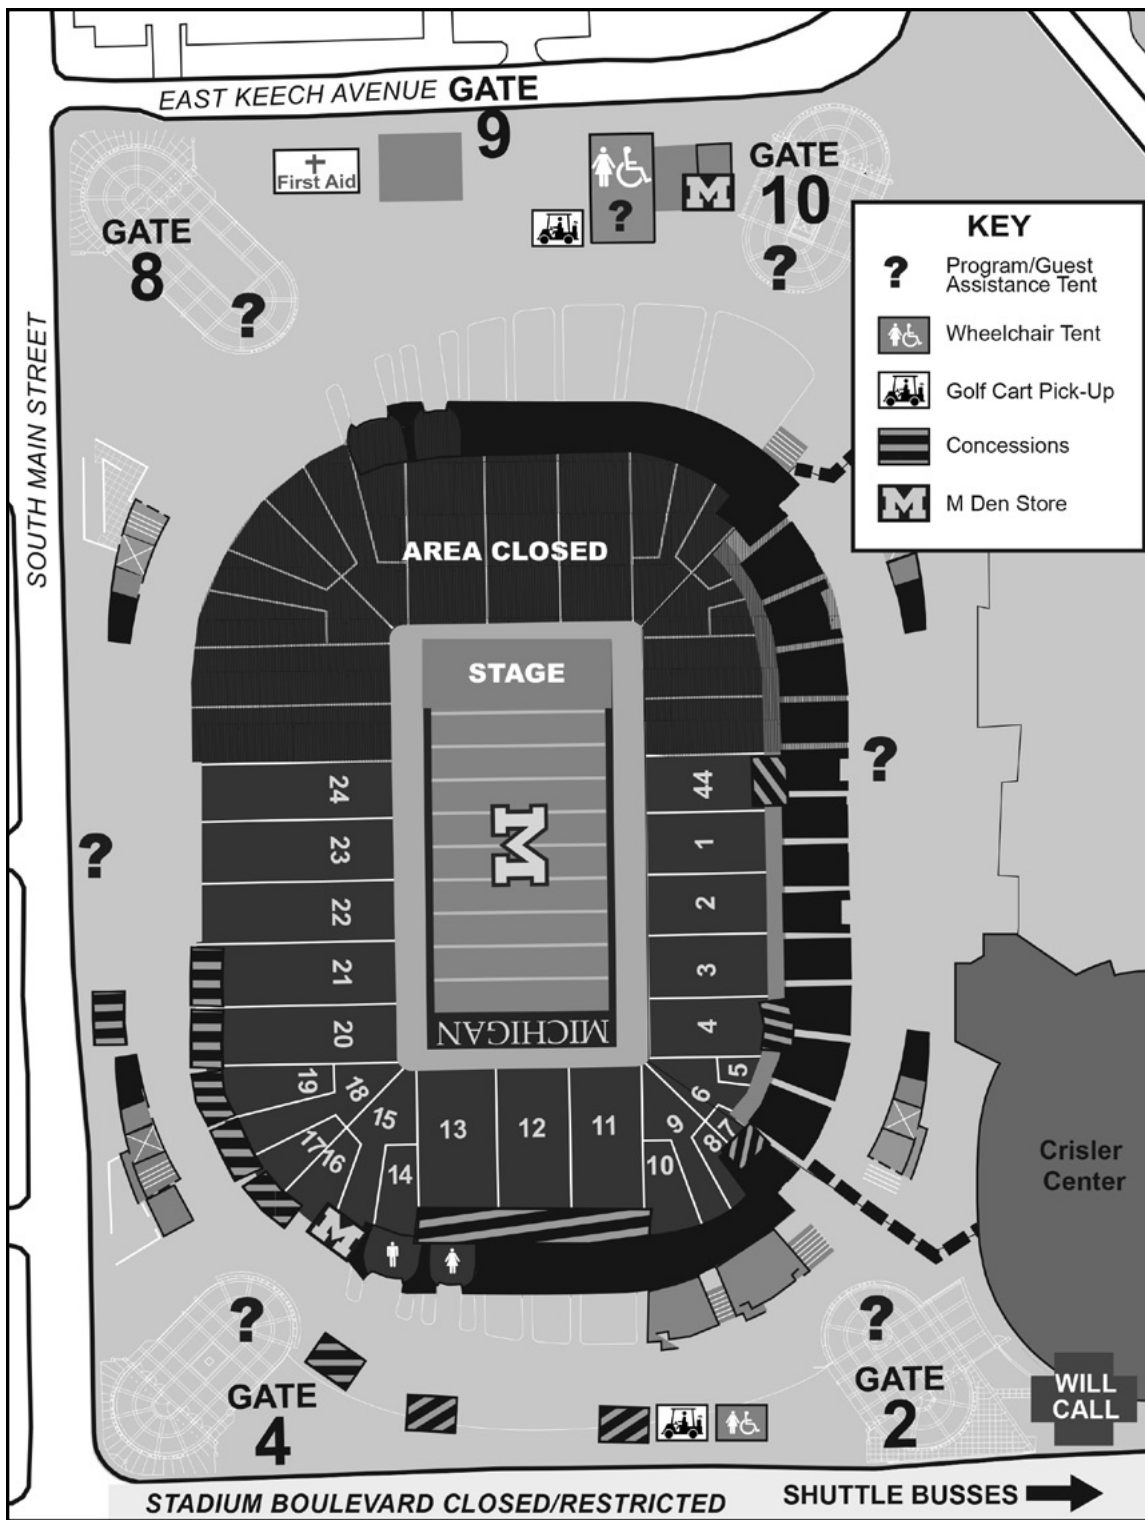

Sincerely,

Ralph Johnson, MBA'92  
Chair of the Board of Directors  
Alumni Association of the  
University of Michigan

Steve Grafton  
President and CEO  
Alumni Association of the  
University of Michigan

At the end of the ceremony, graduates and families are directed to exit up the aisles onto the concourse. To reduce congestion on the concourse, we ask you to exit the stadium and then join your graduate or family.

## Statement on Freedom of Speech and Artistic Expression

Thank you for attending this program. The University of Michigan strives to create a truly open forum, one in which diverse opinions can be expressed and heard.

It is the right of members of the University community, speakers, artists, and other invited guests to express their views and opinions at the University. We will protect the right of individuals to speak or perform, and the rights of those members of the University community who wish to hear and communicate with an invited speaker or artist.

Protesters also have a right to express their opposition to a speaker in appropriate ways, both within the confines of this building and outside the facility. However, protesters must not interfere unduly with communication between a speaker or artist and members of the audience.

If the hosts of this event or University representatives believe that protesters are interfering unduly with a speaker or performer's freedom of expression, those protesters will be warned. If the warnings are not heeded and the interference continues, then the individuals responsible may be removed from the building.

We reaffirm these policies in order to most fully protect the rights of free expression for speakers, performers, and protesters alike, as set forth by our Civil Liberties Board in our Student Handbook, and in accordance with the U-M Standard Practice Guide; Regents' Ordinance Article XII, Section 1; and state statutes.

## Nondiscrimination Policy Statement

The University of Michigan, as an equal opportunity/affirmative action employer, complies with all applicable federal and state laws regarding nondiscrimination and affirmative action. The University of Michigan is committed to a policy of equal opportunity for all persons and does not discriminate on the basis of race, color, national origin, age, marital status, sex, sexual orientation, gender identity, gender expression, disability, religion, height, weight, or veteran status in employment, educational programs and activities, and admissions. Inquiries or complaints may be addressed to the Senior Director for Institutional Equity, and Title IX/Section 504/ADA Coordinator, Office for Institutional Equity, 2072 Administrative Services Building, Ann Arbor, Michigan 48109-1432, 734-763-0235, TTY 734-647-1388, [institutional.equity@umich.edu](mailto:institutional.equity@umich.edu).
